**JAPAN METAL STAMPING
TECHNOLOGY EXHIBITION**

■ Organizer / Japan Metal Stamping Association

Promoting Additive manufacturing and business matching in the manufacturing field.

Greeting from Japan Society of Additive Manufacturing, Organizer

AM EXPO celebrates its fourth edition as an exhibition promoting the wider adoption of additive manufacturing (AM), made possible through the endorsement of government organizations and the continued support and cooperation of visitors, exhibitors, and everyone involved in the AM industry. In Japan, AM applications have evolved from prototyping to jigs, tooling, repairs, replacement of difficult-to-obtain products, and now low-volume manufacturing. We sincerely invite you to participate in and visit AM EXPO, where we aim to create new encounters between AM technologies and the people shaping the future of manufacturing.

一般社団法人 日本AM協会
Japanese Society of Additive Manufacturing

Theme area designed to combine additive manufacturing with defense, space, and aviation applications.
